HOLCOMBE ROGUS PARISH COUNCIL

Retention Policy (adopted June 2024)

Retention Schedule for Council Records

There is a clear need to retain documentation for a variety of reasons including audit purposes, staff management, tax and VAT and the potential eventuality of legal dispute and proceedings.

The Retention Schedule includes the main types of Council records. Each entry lists the record series along with the proposed action, the retention periods and reasons for the action. Further information can be sought from the National Association of Local Councils (NALC) and, in particular, Legal Topic Note LTN 40.

The following information provides an explanation for each of the three action terms used within the schedule.

Records identified for permanent preservation

Records in this category have been identified for permanent retention. These should be deposited with the local Archive Service once there is no longer an administrative need for them to be kept locally.

The only financial records recommended for deposit are the payment and receipt books or the annual audited accounts if the former has not survived. These are often filed with receipts and payments that are not necessary for preservation and should be weeded prior to their transfer to the Archive Service.

Records in this category should be transferred to the local Archive Service after the minimum retention period or once they become inactive.

Records to be destroyed

A large number of parish and town council records can be destroyed once they become inactive or the minimum retention period expires. Financial records account for the majority of this category. These must be kept for a minimum of 6 years after the last entry (Limitation Act 1980 (as amended), VAT Act 1994 etc.), but may be retained for longer depending on local circumstances. Records not given a minimum retention period can be destroyed once there is no longer an administrative requirement for their custody. If Council is unsure whether a document or series of records should be destroyed, then please contact the local Archive Service for further guidance.

To protect confidential information, all records assigned for disposal should be securely destroyed. Paper records containing confidential information should be shredded or pulped, and not simply thrown out with other classes of records. Electronic or machine-readable records will require a two-step process for assured confidential destruction:

- Deletion of the contents of digital files, and
- The use of commercially available software applications to remove all residual data from the storage device. These processes may be outsourced to credible commercial companies who specialise in confidential destruction of records.

The Limitations Act 1980 (as amended) provides that legal claims may not be commenced after a specified period. The table below sets out the different limitation periods for different categories of claim. (Please see the NALC Legal Topic Note 40 for further information):

Category Limitation Period	oa -
------------------------------	------

Negligence (and other "Torts")	6 years
Defamation	1 year
Contract	6 years
Leases	12 years
Sums recoverable by statute	6 years
Personal injury	3 years
To recover land	12 years
Rent	6 years
Breach of Trust	None
